

District Commissioners,

Here is the link for your teams to go register for their State Tournament. I understand that some of you will have to wait until your District Tournaments are done so coaches can start to register their teams. Please if you could send me the contact number and email for all of your local host directors so I can start communicating with them. You will also owe me for each age group what teams will be going to state for each age group with a coaches contact, make sure when you send this to me they are in order of how they are placed in your districts so we can draw the brackets correctly. Let me know if you have any questions.

Subject: Re: 8U and 18U State Welcome Packet

Thanks Derik - I've advised several of you that if u do have the ID cards I'd include them just in case something does come up but it's no longer required -

On the roster , to avoid having to call HQ for a Manuel override I'd simply put a 12 th player on the roster . Obviously this 12th player won't be at tournys so no issue there

I need all state tourny welcome packets ASAP - please make this a priority. Thanks

See ya soon !!!!

All,

Just got off the phone with BR HQ, the new rule for tournament teams says that its recommended to have 12 players per team but not required. I have some of my All Star teams with only 11 players on them. When you build your teams in SI Play it will show an error because there are not 12 players on the roster. HQ told me that once I build all my teams to call them and they will manually approve them. Not sure why they wouldn't just fix the system but that's what you need to do. Also by the new rule no birth cards are needed, for note when you print off the tournament checklist or the HOW TO BUILD Credential book it still talks about birth cards so that is not updated. Remember you cannot submit tournament teams on SI Play until you have purchased tournament teams under your charter in Babe Ruth INC. Most teams are \$40, some are free and I think the 16-18 are \$75. Speaking of 16-18 does it look like any of you will have any?

Ramie,

Corrections have been made, I did not change the time for book turn in and meeting time. I have always kept this schedule and for me it works out fine. If you are good with everything please forward to district commissioners so they can use it as their sample packet. I have also attached the PDF version for you to put on the State Website.

Couple of things if this is the template.

Is 30 mins enough between dropping off credentials at 6(I know it says 4-6 but most would wait till last min) and mtg at 630?

The entry fee of \$5- should we reword that to gate fee or tourny admission? Entry fee typically is a team fee to enter the tourny

On that note , it states arm bands given , some sites use a stamp and some use tickets . We can simply eliminate that sentence or find generic wording that covers all.

On uniforms , please add that grey is a neutral Color

Thanks a bunch for your help with this
