

In response to the governor closing all schools in the state of Tennessee, I am asking all DYB leagues to immediately suspend all activities until March 31. The members of the national board will continuously monitor and review the situation and then make a decision from that point. None of us know what to expect. To cooperate with our state officials, I feel this is in the best interest of all involved. Thank you for your cooperation in this hectic time in our state and nation.
