807 Parkview Rd,
Green Bay, WI 54304

360U Softball is coming to Purdy Performance for an All-Skills Camp! In this 360U All-Skills Camp, they work with our softball athletes and jam pack our time together with everything from hitting & defensive fundamentals, base running, situational strategies, response to failure and other mental approach training. Your athlete will leave feeling empowered after learning proven confidence building techniques to take their game to the next level. As the name implies, these camps help develop the 360° version of the athlete. They tailor the camp to meet the specific needs of our program and adapt their instruction to the athletes in attendance. They keep the player to instructor ratio at 6:1 to ensure quality individualized attention. The all-star 360U Team of Instructors consists of all current and former top-level collegiate softball standout athletes & coaches from all around the Midwest. Instructors bring a high-energy, positive approach to each and every athlete they encounter and will share valuable insights that can only be gained by experiencing the successes, failures and adversity that this sport presents!

**Must be a register player from
the 2019 or 2020 DGSA season.**
